

# BRIGHT IDEAS

Styled by: Anna Solomon

**T**he weather outside is frightful, etcetera. But nothing is going to dampen our spirits this winter. The darker it gets, the brighter we go. Colour blocking is all the rage right now; we're opting for simple, almost childish shades of red, blue, green and yellow, which, when paired with wooden textures and organic shapes, become the ultimate interior statement.

**Zuiver reader floor lamp,**
